## Space Colony White Paper

spacecolony.io

### 1. Introduction

**Space Colony (SCLY)** is a community-driven crypto coin designed to combine the power of blockchain technology with the allure of space exploration and the entertainment potential of internet memes. Our mission is to create a fun, engaging, and valuable digital asset that fosters community participation and drives widespread adoption, while also inspiring interest in the cosmos.

### 2. Vision

Our vision is to establish Space Colony coin as the leading meme coin in the cryptocurrency space, leveraging the cultural impact of memes and the fascination with space exploration to create a robust and enthusiastic community. We aim to provide a platform for users to engage, create, and share value through innovative use cases and community-driven initiatives.

## **3. Key Features**

### **3.1 Community-Driven**

SCLY is built by the community, for the community. Decisions about the project's development, marketing, and future direction will be made collectively by SCLY holders through a decentralized governance model (DAO).

### **3.2 Space-Powered Ecosystem**

Space exploration is at the heart of SCLY. We encourage the creation and sharing of space-themed memes and content to promote the coin and engage the community. Regular contests and rewards will incentivize creativity and participation, fostering a sense of adventure and curiosity about the cosmos.

### **3.3 Transparency and Security**

Built on a secure and transparent Solana platform, SCLY ensures all transactions are visible and verifiable. Smart contracts are audited to guarantee the integrity and security of the ecosystem.

## **4. Tokenomics**

### **4.1 Total Supply**

The total supply of SCLY is fixed at 6.25 billion tokens, ensuring scarcity and potential value appreciation over time.

## 4.2 Distribution

- **Presale (52%)**: Provided for Fair Launch on PinkSale platform.
- **Liquidity Pool (30.1%)**: Provided for initial DEX listing.
- **Marketing and CEX (11.9%)**: Dedicated for promoting SCLY, forming strategic partnerships, expanding the community, and CEX listings. 0.666% unlocked for airdrops before the TGE. The rest vested with 20% release on TGE and cycle release of 20% on each following 60 days.
- **Space Flights (6%)**: Reserved for rewarding SCLY holders with real tickets to space. Vested with 1% release on TGE to conduct a research, and cycle release of 33% on each following 240 days.

## 5. Roadmap

### Phase 1

- Creating a website and social media
- Initial community building
- SCLY Fair Launch

### Phase 2

- DEX listing
- Billboards campaign
- Rewarding a ticket for a flight to the age of space in a hot-air balloon

### Phase 3

## **6. Governance**

SCLY implements a decentralized governance model (DAO) where token holders can propose and vote on key decisions. This ensures that the community has a direct influence on the project's development and future direction.

## **8. Conclusion**

Space Colony Coin (SCLY) is more than just a meme coin; it is a vibrant and growing community with the potential to revolutionize how we engage with digital assets. By leveraging the power of memes and the fascination with space exploration, SCLY aims to create a fun, engaging, and valuable ecosystem for all participants.
